TONOPAH PROVIDING CAMP FOR TOURISTS

Tonopah is to have a public camp-
ing ground. Construction work in
the improvement of the designated
spot, which lies near the old Ophir
King mine, close to the ball grounds,
is under way. Action upon this mat-
ter was taken by the county com-

performing the work.

A water line is being run for a

HARDING WITHHOLDS ACTION ON BONUS

HE ADVOCATES U. S. OWNING ALL BUILDINGS

First Assistant to Hubert Work
Says Government Could Save
Millions Yearly Rentals.

(By Associated Press)
WASHINGTON, May 6.—Every
postoffice building in the country
should be owned by the government
and the old system of leasing build-
ings should be "scrapped," declared
first assistant Postmaster General
Bartlett today in voicing disapproval
of a system which made it necessary
for the postoffice department re-
cently to lease at an annual rental
of more than a million dollars a
large structure for mail purposes in
New York City. Mr. Bartlett said
that the government could save mil-
lions if a common sense business
program could be laid before con-
gress with a fair chance of induc-
ing that body to appropriate a suf-
ficient sum each year for purchase in-
stead of leasing buildings.

The postoffice department has
sufficient funds to lease any build-
ing to be necessary to the proper
conduct of the postal system, it was
explained, but no appropriation is
available for the purchase of a struc-
ture. Plans recently were completed
providing that the department should
lease a building in New York City
for 20 years at a rental of \$25,000-
000. Had the department been per-
mitted by congress to purchase land
and erect its own building, the en-
tire transaction could have been han-
dled for about \$8,000,000. Mr. Bart-
lett explained, adding that at the
end of the 20-year period the gov-
ernment would have possessed the
building, whereas, under the lease
the government will be out \$25,000-
000 and have nothing to show for
it at the expiration of the lease.

noon at 4:30 o'clock when the mat-
ter will receive consideration. In

clean sport during the summer sea-
son.

RUSSIAN REPLY EXPECTED TO BE CONCILIATORY

Does Not Intend to Break Off
Negotiations at Genoa With
French and English.

LLOYD GEORGE READY TO QUIT

If the Soviets Do Not Agree to
Terms He Will Withdraw
From the Conference.

(By Associated Press)
GENOA, May 6.—Russia's reply to
the allied memorandum which is ex-
pected to be ready Sunday or Mon-
day, will be a distinctly conciliatory
document, and not intended to break
off negotiations, Foreign Minister
Tchitcherine said today. It will, how-
ever, he declared, firmly state Rus-
sia's inability to comply with the
terms offered. Reuter's correspond-
ent here says: "The final Russian
decision is not expected before Mon-
day or Tuesday. Meanwhile, it is
rumored Lloyd George's train is
ready, and falling a favorable change
in the situation as a result of M.
Barthou's return. Lloyd George will
return to London forthwith."

(By Associated Press)
GENOA, May 6.—The chief stum-
bling block it was indicated, was the
clause relating to treatment of for-
eign property nationalized by the so-
viet government. Russia regards the
provisions of that clause as a dis-
tinct attempt to infringe her sov-
ereignty, and will not accept a plan
for a mixed tribunal, which M. Tchit-
cherine said would mean the estab-
lishment of a "flock of little repa-
rations commissions" to interfere with
Russia's internal affairs.

DRY OFFICER, A WOMAN, WAS TONOPAH GIRL

Daisy Simpson Was Known in
Tonopah as Daisy Burke,
a Restaurant Cashier.

(By Associated Press)
WASHINGTON, May 6.—Prohibi-
tion Commissioner Haynes, in mak-
ing known a list of a dozen offici-
ally accredited women prohibition
agents, said that "women agents
are employed under cover, whose
names are withheld." The women
agents' names announced by Haynes
include Mrs. Grace I. Little and
Daisy Simpson, in California.

(By Associated Press)
SAN FRANCISCO, May 6.—Samuel
F. Rutter, federal prohibition en-
forcement officer for California, ex-
pressed surprise when informed that
prohibition commissioner Haynes
had announced the names of two
women prohibition agents in this
state. Rutter said, while he had not
had an understanding with Haynes
on that point, he had made every ef-
fort to keep the names of the wom-
en secret.

Miss Daisy Simpson, referred to
in the foregoing Associated Press
dispatch, was a former resident of
Tonopah. During the Divide excite-
ment she served as cashier of the
Frisco restaurant on Main street,
which was then conducted by Jim
Miller, who later became involved
through attempting to bring in a
load of bonded whiskey. Miss Simp-
son went under the name here of
Mrs. Daisy Burke, and claimed to be
a sister of Miller. Since then she
has been active in enforcing the pro-
hibition law in Portland, San Fran-
cisco and other coast cities, and has
been actively engaged in causing ar-
rests for the last 18 months.

INDIAN OF FREMONT DAYS BURNED DEATH

(By Associated Press)
COTTONWOOD, Calif., May 6.—Jim
Jelly, an Indian, said to be at least
100 years old, who was recently burned
to death when his cabin was de-
stroyed by fire, was the lone occu-
pant of Bloody island, near here, when it was cap-
tured by General John C. Fremont,
nearly a century ago. All the other
Indians, whom Fremont believed he
had surrounded on the island, were
either slain or escaped by a secret
passage. Jim, then about 4 years old,
was found hiding in the brush and
was adopted by a Mr. Jelly, being
henceforth known as Jim Jelly.
He was one of the best versed In-
dians in early California history in
this section. He was buried in the old
Indian burying ground near here.

MINES PRODUCE HEAVILY DURING MONTH OF APRIL

Last Half of April Showed Big
Increase Over Preceding
Fifteen Days of Month.

Two shipments of bullion, total-
ing \$135,625, were billed out this
morning by the American Railway
Express company to San Francisco.
The first consignment came from the
Tonopah Belmont mill and con-
sisted of 55 bars, weighing 111,667
ounces and having a value of \$125-
625. This was the result of the
cleanup at the mill for the last half
of April.

The second shipment consisted of
27 bars, having a value of \$90,000,
and was made by the Tonopah Min-
ing company, and represented the
cleanup of the mill for the last 15
days of April.

During the month of April the pro-
duction for the Tonopah district
amounted to \$446,377, which would
mean a yearly output of \$7,756,524.
If nothing occurs to interfere with
mining and milling operations it is
evident that the production will pass
the eight million mark.

All Nearby Cities to San Fran-
cisco to be Lighted for
Distance Seventy Miles.

(By Associated Press)
SAN FRANCISCO, May 6.—Acqui-
sition of a searchlight, said to be the
largest in the world, which will
throw a light 70 miles on a clear
night, illuminating nearby cities, is
being considered by the city of San
Francisco, according to Ralph Wiley,
chief of the municipal bureau of
electricity. The searchlight, manu-
factured by the General Electric
company, would be placed on the
summit of Twin Peaks in this city.
Hikers, tourists and motorists, it
is said, would welcome the big "spot
light," as it would point out and
render more accessible by night many
points of interest in the Bay cities.
Ships at sea could readily be de-
tected by it. Mr. Wiley pointed out, and
they, in turn, would be guided to
